CONFERENCE DESCRIPTION

This conference on **Obstetrics & Gynecology** has been designed for physicians, certified nurse midwives, nurse practitioners, physician assistants, nurses and other health care professionals who face ever increasing challenges in the clinical diagnoses, treatment options, and new technologies involved in OB/GYN.

The goal of this conference is to provide a comprehensive update and review on current issues in obstetrics & gynecology. Emphasis will be placed on practical application of evidence-based presentations. In addition to didactic lectures, ample time has been allotted for participant feedback and interaction.

Conference topics have been selected based on extensive target audience needs assessment data, including clinical expert input, our online needs assessment survey, and past participant stated needs.

An outstanding faculty has been selected based on their individual area of expertise, their ability to communicate evidence-based knowledge to others, their commitment to address issues of current concern, and their willingness to interact with participants.

Morning sessions and one afternoon session leave ample time for relaxing, enjoying family and friends, and for exploring the beauty of Big Sky and Yellowstone National Park.

CONFERENCE OBJECTIVES

After participating in this conference, you should have an increased knowledge of, and be more competent to...

- Manage ordinary to high risk pregnancies - from preconception care and the identification of women at risk for preterm birth to postpartum hemorrhage and deep venous thrombosis
- Discuss current issues of concern in the screening and diagnosis of breast and ovarian cancer
- Cite the current data regarding uterine closure at the time of cesarean section
- Describe who is at risk for domestic violence, better formulate screening questions, and improve your management and counseling of victims of domestic violence
- Identify NICHD electronic fetal monitoring revisions and controversies
- Describe who is at risk for experiencing peri- or postpartum depression, premenstrual dysphoria or perimenopausal depression
- Better manage osteoporosis and explain the benefits of exercise during menopause
- Cite the most up-to-date information regarding vaginitis and sexually transmitted infections

CONFERENCE LOCATION

The setting for our conference is the beautiful **Big Sky Resort**, nestled in the majestic Northwestern Rockies, just an hour's drive from Bozeman, Montana.

Big Sky is host to a multitude of summer activities. Take a scenic chair-lift ride up Lone Mountain and experience wonderful **hiking and mountain biking**; enjoy an invigorating horseback ride; or take to the rivers for incredible **fly fishing and whitewater rafting**. Big Sky also offers an **18-hole golf course**, as well as a number of tennis courts, all offering spectacular views of the surrounding mountains.

The resort's close proximity to **Yellowstone National Park** (the northwest border of the park is just 18 miles away) is yet another element of Big Sky's appeal. Plan to spend time in Yellowstone observing the nation's most impressive geysers and hot springs, including the true to its moniker, "**Old Faithful**" geyser, and be awestruck by the ever-present wildlife and majestic scenery in our country's first established National Park.

Big Sky Resort is a **self-contained village with several restaurants, offering a variety of dining options as well as live entertainment and dancing**. The resort also has **two heated indoor/outdoor swimming pools, whirlpools, and a full spa** to help soothe those aching muscles at the end of a busy day. A full range of shops are available in and around Big Sky Resort offering everything from hiking supplies to fine art.

You're sure to find these, as well as many other summer activities, in the spectacular setting of Big Sky, Montana, while attending our **17th Annual Summer Conference on Obstetrics & Gynecology**.
