## CONFERENCE DESCRIPTION

This year's **24th Annual Conference on High Risk Obstetrics** will focus on how to manage the patient who has an **Obstetrical Emergency**. This conference will provide the practicing clinician with the knowledge to respond when faced with a life or death situation of the mother and/or fetus. The program has been designed for physicians, certified nurse midwives, nurse practitioners, physician assistants, nurses and other health care professionals who face ever-increasing challenges in the clinical diagnoses, treatment options, and new technologies involved in taking care of obstetrical emergencies.

The goal of this conference is to present current clinical data on key issues in obstetrical emergencies in a format and atmosphere in which treatment options will be presented to manage these challenges. Topics have been selected from past participant conference evaluation requests, clinical expert input, and our on-line needs assessment survey of Obstetric professionals. In addition to the didactic lectures, which will present evidence-based information, ample time has been allotted for participant feedback and interaction.

All speakers are practicing clinicians who face high risk patients and obstetrical emergencies every day. Each speaker has been selected based on their individual areas of expertise, their ability to communicate first-hand knowledge to others, and for their commitment to address clinical issues in a practical manner.

This exciting and unique conference focusing on **Obstetrical Emergencies** will provide you with an opportunity to share current issues with colleagues from across the country. You will be able to take home information which will help you immediately.

## CONFERENCE LEARNING OBJECTIVES

After participating in this conference, you should have an increased knowledge of, and be more competent to...

- Appropriately diagnose & manage a variety of high risk obstetrical emergencies such as acute respiratory events, preeclampsia, HELLP syndrome, TTP, thrombophilias, & shoulder dystocia;
- Cite new standardized management of acute intrapartum fetal heart rate monitoring emergencies;
- Describe management of the acute endocrine OB emergencies of diabetic ketoacidosis & thyroid storm;
- Develop a plan for antepartum & intrapartum acute emergencies when managing multiple gestations;
- Describe the pathophysiology, diagnosis, & management of amniotic fluid embolism in pregnancy;
- Recognize & manage IUGR & know when emergency delivery or induction is needed;
- Detect & manage placenta accreta to prevent maternal hemorrhagic death;
- Handle acute OB emergencies in the obese patient.

## CONFERENCE LOCATION

Surrounded by the tranquil waters of the Bay, the **enchanting city of San Francisco** sits amid the dozens of landmarks punctuating the horizon, including **Alcatraz, Coit Tower** and the **Palace of Fine Arts**. The “**City by the Bay**” is one of the most popular cities to visit in the world, and the host city of our **24th Annual Fall Conference on High Risk Obstetrics**, focusing this year on “**Obstetrical Emergencies.**”

The **Fairmont Hotel**, located **atop Nob Hill**, is one of the crown jewels of San Francisco and is as much an icon as the **Cable Cars** and the **Golden Gate Bridge**. This legendary hotel combines classic ambience that is warm and inviting, with gracious service and outstanding accommodations.

The **Fairmont's signature restaurant**, the **Laurel Court**, serves the freshest of local ingredients and features exclusive single vineyard wines. This beautiful restaurant serves as the centerpiece of the hotel. In addition, the **Tonga Room & Hurricane Bar** features Pacific Rim Asian cuisine, in a tropical setting - a perfect escape after a busy day of sightseeing. Cable cars stop outside of the hotel, linking you to intriguing **Chinatown**, bustling **Fisherman's Wharf**, historic **Ghirardelli Square**, and the exciting shopping at **Union Square**.

**Whatever your pleasure**, you won't want to miss the exciting educational experience of our **Annual Fall Conference on High Risk Obstetrics**, in this fabulous city of vibrant culture heritage.
